ESD Calculator (STES-ESDCAL)

The ESD Calculator is highly recommended for stringent ESD Control Program. As static charges are generated through abrasion and separation of bodies (tribocharging), high level of charges are being generated.

Features:

Conductive casing

Works with battery or light energy

Big display screens and keypads

Material: PS with permanent ESD properties

Surface Resistivity: $10^4 - 10^6$ ohm/square (casing)

Color: Black with grey and green keypads

Product Dimensions: 140mm(length), 120mm(width), 45mm(height)
Display screen: 104mm x 24mm

Weight: approx. 100grams

Applications: ESD sensitive areas, test stations, packing stations
To be placed on ESD surfaces (e.g ESD Table Mat)
